

10th December 2014

Stehr Brothers Construction
76 Kimptons Rd
Brookby
Auckland 2576

Testimonial

Wok and Don Stehr of Stehr Brothers Construction have been very good to work with and we enjoy a continued working relationship with them on various projects. Stehr Brothers Construction have completed unique high quality residential commissions that have exceeded both the clients and our expectations.

Their attention to detail has been exceptional with a consistent support team both in the office and out on site which has meant their projects are always better for it. The Stehr Brothers Construction team are familiar with detailed clients and Architects expectations and have managed all our NZIA SCC based contracts with the accuracy they demand.

This office has no hesitations in recommending Stehr Brothers Construction and are happy to discuss further if you require.

Yours faithfully,

Scott Jury barcht
